

Name: Hubert Savenije
Title: Professor
Affiliation: Delft University of Technology
Email: H.H.G.Savenije@tudelft.nl

Education (Academic Degree)	PhD, Delft University of Technology, Netherlands, 1992 MS, Delft University of Technology, Netherlands, 1977
Present Position	Professor of Hydrology at Delft University of Technology, since 1999 Professor of Water Resources Management at Unesco-IHE, since 1994 Visiting professor at the University of Zimbabwe, since 1998 Guest professor at Wuhan University, since 2014 Advisory professor at Hohai University, since 2014 Guest professor at Lanzhou University, since 2014
Other Functions	Chief Executive Editor of Hydrology and Earth System Sciences, since 2014 Editor in Chief of Physics and Chemistry of the Earth, 1995-date President of International Association of Hydrological Sciences, 2013-2017 President Hydrological Sciences of European Geophysical Society, 1998-2002 Member Scientific Programme Committee of the World Water Week, 2009-2011 Member Steering Committee WaterNet and WARFSA, 1998-2004 Member of the Committee on Scientific Planning and Review of ICSU, 2012-date
Research Interests	Hydrology of River Basins Estuaries and Deltas Rainfall-Runoff Analysis Water Resources Management
Publications	More than 200 publications in international journals on Hydrology, Estuary, hydrodynamics, Salt intrusion in estuaries, Water Resources Management, and Atmospheric moisture circulation.
Prizes/Awards	Fellow of the American Geophysical Union, 2014 Darcy medal of the European Geosciences Union (EGU), 2008 Alexander von Humboldt medal of the European Geosciences Union, 2015
